Thos. C. Adams

Claims the Census of the City Was Taken Accurately by Enumerators.

In reply to a news item published sometime ago in the Climax, in which it stated many were of the opinion that the enumerators failed, by at least 500 to get the correct census of Richmond. Mr. Thos. Adams, one of the enumerators sends the following:

Editor Climax:—

As one of the Census Enumerators recently employed by the Government to take the Census of Richmond, I wish to make a statement concerning the item published in the columns of your paper in which it stated those "who have studied the situation carefully, are of the opinion that at least 500 bona fide residents were either overlooked or passed up on account of the rush of the enumerators". In justice to those who enumerated the city of Richmond, I trust you will publish this.

I was Enumerator for Court House and City Hall Precincts and can speak for the work I did. In submitting my report to the Supervisor of Census of this District. I had the pleasure of receiving a letter from him rating my work as, perfect in every respect, and one of the very best in the district. The authorities in Washington accepted my work without any complaint, and check for services rendered followed soon after final submission of my report. The Climax left the impression that the Enumerators were in a hurry to finish their work and therefore were careless in performing their duties. I am sure there was not any reason for hurrying or omitting 500 names or even a dozen, since we were paid by the head and not by the job. This being true it was entirely to the interest of the Enumerators to find every name possible. In prosecuting my work I visited every house or apartment in the two Precincts. By the method used it was impossible to omit a house or those living therein unless the occupants refused to give a complete list which was never the case.

It will be recalled that the City Council appointed a special committee to assist the Enumerators in order that there might not be any omissions. As I remember, Messrs. Coleman Neff, J. T. Berry and David Miller were those selected. At the close the committee submitted a list of perhaps a dozen names thought to have been omitted. I personally investigated the alleged omissions and made comparison from regular Census lists. Not one omission was in my precincts nor any in Francis, enumerated by J. M. Sandlin. Those supposed to have been overlooked had already been listed. University Precinct, listed by Mr. Walter Broyles, a Normal student, made an equally good record. If there were 500 names omitted why did not the special committee find them? The omissions were not made, I am willing for the Climax or any one else to investigate my work. I should not object to the most thorough investigation on the part of the Census Authorities. If those who have studied the situation carefully as the Climax stated, are not satisfied with the result, I invite them to a thorough investigation of the work performed by the Richmond Enumerators. And especially do I invite them to inspect Court House and City Hall Precincts which were enumerated by me. I challenge the finding of 250 in the half I listed, more, I challenge the finding of 100; even 50, yes 25 yes, ten, yes any at all.

Yours for fair play,

Thos. C. Adams

Good Roads.

Bill Approved and Committee Appointed to "Father" It Carefully.

The Kentucky Good Roads Congress in session in Louisville last week, endorsed every section of the synopsis of a proposed good roads bill that had been approved and a committee was appointed to draft the bill and to see that it was "fathered" carefully at the next meeting of the General Assembly. This bill provides for a tax levy of five cents, half of which is to be borne by the county petitioning for the building of new roads and the remainder by the state. The committee appointed that will have the drafting of the bill and of its presentation to the legislature will consist of Senator Joseph Bosworth, Middleboro; H. A. Sommers, Elizabethtown; Geo. L. Pickett, Shelbyville; W. E. Row, Lexington, and Senator G. T. Wyatt, of Logan county. The tax section of the good roads bill elicited much discussion, practically every one present engaging in the discussion. The bill, if passed at the next session of the legislature, will provide for a tax of five cents on the 100, assessable property. This tax will net a sum of between 450,000 and 475,000, with which the work of building good roads in Kentucky will be begun. Each county will be expected to bond itself for a sum twice as large as the amount of money which will be given by the state as the county's pro rata share of the tax.

When buying a cough medicine for children, bear in mind that Chamberlain's Cough Remedy is most effective for colds, croup and whooping cough and that it contains no harmful drugs. For sale by Stockton & Son.

Chief Allman

Make His Report the City Council For The Past Year.

Chief of Police James H. Allman has made his report to the City Council for the work in his department for the year 1910 and it shows that under his administration the welfare of the city, has been guarded with a cool, calculating eye. While very little funds have come in to the city's exchequer, it shows that violations against city ordinances have been few and far between. The report follows:

Total number of arrests for year January 26, Feb. 10, March 26 April 25, May 31 June 45, July 50, August 27 Sept. 18, Oct. 19, Nov. 19, Dec. 18. Total for year 294. Charge as follows: Drunkenness 98 Drunkenness and Disorderly conduct 41 Breach of the peace all kinds 69 Violating local option laws 23 Concealed deadly weapons 17 Disorderly conduct 15 Fornication 6 Gaming 3 Disorderly house 3 Malicious cutting and wounding 1 Malicious shooting and wounding 2 Petit Larceny 1 Grand Larceny 1 House breaking 2 Managing and controlling bawdy house 3 Loitering in bawdy house 7 Refusing to obey orders of health officer 6 Violating automobile ordinance 6 Flourishing deadly weapon 2 Arrests made by different officers: Allman 157 Powers 42 Potts 12 Allman and Powers 27 Allman and Potts 8 Potts and Powers 64 I have collected from fines and Replevin bonds 1,401. New Law

Will be Enforced According to Officials Appointed to Carry it Out.

According to the declaration of the officials, who have been appointed by the State to enforce the new Vital Statistics law, it will be enforced more vigorously than ever before. All birth certificates must be made out by the attending physician or mid-wife and must contain the following statistics:

Full name and sex of the child. Date and place of birth. Full name, address, color, age, birth place and occupation of father and mother. Number of children of this mother, and number of her living children. In case there was no physician or midwife in attendance, then the father and mother or landlord must make this return.

The certificate of Death must contain the physicians statement as to time, place and cause of death, and the duration of the fatal illness. Also the personal statistics, which may be furnished by any person who is acquainted with the facts as follows:

Name of deceased and place of death. Sex, race, color and conjugal relation of the deceased.

Date of birth and age at death.

Occupation and birth place of deceased.

Name and birth place of father and mother of deceased. Suitable blanks have been furnished all physicians and undertakers, or can be secured from the local registrars, without cost.

To relieve some of the difficulty of undertakers in securing burial or removal permits when the local registrar lives in a rural or remote district, the State Registrar has issued the following rule, which will relieve to a great extent the friction encountered in the operation of the new law:

A local registrar may act as sub-registrar to any local registrar of his county or adjacent county, and may sign the name of the local registrar of the district in which the death occurred to any burial, removal or transit permit when the undertaker or person acting as such, has presented a complete death certificate and complied with the law and Rules and Regulations of the State Board of Health. Such permits shall constitute authority for burial or removal.

The sub-registrar shall sign his name with the reflex "per" under the name of the local registrar for whom he is acting, and shall forward at once the death certificate to that local registrar, who will be paid the fees provided by law.

Every one knows that fully nine out of every ten cases of rheumatism are simply inflammation of the muscles due to cold or damp, or chronic rheumatism, and require no internal treatment whatever. Apply Chamberlain's Liniment freely and see how quickly it gives relief. For sale by Stockton & Son.

AN OFFICIAL SNUB

Rudely Flung at Genial Robert Louis Stevenson.

A CONSUL WITH A GROUCH.

The Author Called on the Newly Appointed Official at Apla to Pay His Respects and Was Shown the Door With Few Words and No Ceremony.

When Robert Louis Stevenson lived in Samoa he dressed as the others there did. Up at Valima they all went about in their bare feet, except when expecting guests.

When Stevenson came to Apla he looked only into the street. He always came down with a soft shirt on and generally wore flannel trousers, sometimes with a red sash round the waist. On one occasion the genial author was rudely snubbed by a newly appointed British consul at Apla, one Colonel De Coetlogon. The story is told in "With Stevenson in Samoa," by H. J. Moore, the author.

One Sunday morning while Stevenson and myself, barefoot and in pajamas, were discussing the various local celebrities, my friend suddenly jumped up and announced that he had neglected a bounden duty. Here he had been in Apla for some considerable time and had not yet called on her Britannic majesty's representative. Every Britisher of mark should attend to such a duty at the earliest possible moment! I must introduce him without one moment's further delay! "Come along, Moore," said he; "let's get it off our mind!"

I informed him that Colonel De Coetlogon was himself a new man in the place—he had been in Apla but a little while and I had not yet met him. People who had met him had mostly declared him to be an exclusive, crusty old fellow, full of pomposity. I was therefore very loath to go until the new arrival had simmered down somewhat. It was rumored that he had been for years governor of some great jail in Britain, and people remarked that he treated many of his callers as rickety old men who had come to report.

But Stevenson, feeling very sure of his powers to charm this Gorgon, would take no warning, but shouted again: "Come along, Moore! I'll attend to this case! He'll welcome us all right!" I pointed out his attitude and his lack of shoes, and with a sigh, he compromised so far as to put on a clean shirt and a pair of trousers and shoes, but my best efforts would not induce him to wear a coat. In the rig he wore and under his little yachting cap he positively looked no more than twenty or twenty-five years of age. He blushed with enthusiasm over everything new and strange, that came within his view as we passed along the road to Moetama, where De Coetlogon lived. From the beginning I doubted if we would receive anything like an effusive welcome, and I took care to impart my fears to my friends, but he only laughed. Particularly did I point out that this was Sunday and that we should choose another day for our visit. He still laughed.

With pride and joy he threw open the consular gate and strode manfully across the lawn, I following close behind. A tall, soldierly person, with white mustaches and close-cropped hair, was sitting peacefully on the veranda. He made no attempt to rise and welcome us. A whisky and soda had just then, his rapid attention. We ascended the steps. The statue in the chair merely regarded us. We might as well have been a couple of distressed prisoners, coming to pray for some alleviation.

Stevenson would have embraced this cold representative of his country's greatness, but the child restrained him. "Good morning, sir."

A grunt. "Well, what do you want?" "My name is Stevenson. I am well known in Britain by my works—in fact, I am a novelist. This is Mr. Moore."

"Well, what do you want?" "No friendly hand was stretched out to greet us. We noted a face as hard as stone, as uncompromising and as unsympathetic as a brick wall. Stevenson stood there as one petrified; I was quite appalled. My friend had not counted on such a start. There was no 'sean' or 'crevie' in which he might momentarily locate to recomender before he should attack again. The consular hand was not to look upon. He had not even risen slightly to hear us.

"We have come, sir, to pay our respects."

"If you have any business and desire to see me, I will be glad to see you week days and in my office at the proper time. Good morning."

Stevenson quite lost the power of speech and looked appealingly at me. I cannot remember exactly what I said, but I know that I endeavored, to depict to the consul the worth and honesty of my companion.

In return came this: "I don't care who you are, or what you say. If you have any business at this consulate come and state it at the proper time."

Without more than a profound bow, Stevenson turned and made his way out into the road again. I having preceded him. "By heavens, Moore, you were right! What a beast! What a—well, I suppose he has a right to choose his own Sunday morning companion. I had thought that I was one of the foremost men of letters of the day, but this fellow differs. What a trifling for a man of my supposed eminence to find himself in! People will differ their opinions, won't they?" And he burst out into a merry laugh.

Judge Benton Talks.

Judge James Benton, who has been holding a special term of the Franklin Circuit court at Frankfort for several days under appointment by Gov. Willson created much comment in the court last week when he announced that he believed in changing the petit jurors every two weeks, and accordingly ordered the Sheriff to summon thirty six more men to report to the court on the following Monday. In Judge Benton's charge to the Grand Jury there several days ago, he called their attention especially to "Courthouse Lobbying."

Some time ago we promised our friends and patrons that we would in due time put on a Genuine Clearance and Loom End Sale. The time is now ripe for the clearing and we intend to make this the most decisive clearing sale that we have ever held. We have chosen the present time for two reasons. First, because it is nearly time for our spring stocks to arrive and we need the room. Second, because we wish to dispose of our entire fall and winter goods while they are reasonable for the consumer, thus giving you an opportunity to secure goods that will be in demand for months to come at a price in many cases below the cost of the raw material. In every case the price asked is far below the actual value of the goods at this time. This is an opportunity that you will not probably get again in the far future, as the price of all raw material is advancing and goods of all kinds will be higher. Don't think that because you are not getting as much for your tobacco, corn and hogs as you did last year, that cotton, wool and leather is bound to be cheaper. No such thing. We state to you positively that all of these commodities are bringing a higher price than they have for some time and it looks like they will go higher. That's why we say you cannot afford to miss this genuine bargain offering. We don't carry goods over from season to season and it's a fact, of which we feel justly proud, that we offer our customers in this sale nothing but goods of the present season's production. If you are interested, and in these times every one should be interested in saving a part of his income, come in and look us over, be consistent, study your own interests, give us an opportunity to show you a clean cut saving on each and every item you need. If you don't find the goods and prices just as we represent them we won't expect your patronage

Miss Lloyd

Gives Out Interview Concerning the Situation of the Burley Tobacco Society

Miss Alice Lloyd, who is well and favorably known in this city where she was President of Madison Institute for sometime, has given out the following in regard to the Burley Tobacco Society's next move following the organization of the Independent Growers Association, effected in Lexington several days ago. Miss Lloyd is the spokesman for President Lebus and said:

"There has been no meeting of the Executive Committee or the District Board since the new movement was inaugurated. I could not, therefore, express an official opinion for the Burley Tobacco Society. I have, however, talked with a great many members from the different counties and have found this opinion as a result of those conversations:

"The old pool people believe in the pool principal. The only thing that has stood in the way of the entire success of the pooling movement was the lack of co-operation of the independents. The old poolers therefore welcome this evidence; that the independents are becoming converted to the principle of co-operation. Whenever the independents demonstrate in sufficient numbers that they are willing to join a co-operative movement, the Burley Tobacco Society stands ready to co-operate with them.

"Everywhere manufacturers affirm that there is an em-

barrassing surplus on hand. It is impossible to force upon any individual or corporation more of any commodity than that person or corporation can use. Therefore, the only practical means of maintaining paying prices for that commodity, is to maintain a balance and demand and, in order to reduce the surplus and to give time for its consumption before another crop is raised, is to cut out the 1911 crop.

"My opinion is that as soon as the Burley Society is satisfied that the independents are behind this movement in sufficient numbers to insure its success, the Burley Tobacco Society is not only willing but anxious to co-operate."

In response to the question "What steps, if any, will the Burley Society now take in regard to pooling or cutting out either the 1911 or 1912 crops?" Miss Lloyd then made the following verbal statement:

"No action of any sort has been taken by the Burley Society in regard to either of these questions, pooling or cutting out, as there has been no meeting of the governing body of the society. It would therefore be impossible for the society to have considered these or any other questions, as it has not been in session for the consideration of business since the new movement was started."

Chief Daugherty

Makes Report of the Fires For the Year in Richmond.

Fire Chief Benjamin Daugherty has made the following report for the year 1910 of the fires during that period of time and the losses. The following report is by months:

January:—27th, house on Hill St., loss 8.00, cause, lamp explosion.

March:—12th, Wells estate Main St., unknown 8.00; 25th, defective flue, Maple St., loss 10.00; 30th, defective flue First St., loss 300.; 31st, defective flue First St., loss 50.

April:—4th, grocery Main St., unknown cause loss 1,000. June:—1st, East Main St., defective flue, loss 25.00; 18th, Bee St., gasoline explosion, loss 10.00; 22nd, Main St., gasoline explosion, loss 300.00; 28th, Fifth St., lamp explosion, loss 25.00.

August:—30th, defective flue, Orange street, loss 10.00. October:—27th, Irvine St., grocery, unknown cause, loss 2.00; 23rd, Water street, defective flue, loss 300.00; 25th, Main St., turpentine explosion, no loss; 31st, Water st., 10.00.

November:—9th, Laurel St., defective flue, no loss; 23rd, Bee St., cause unknown, loss 10.00; 29th, Main St., defective flue, loss 300.

December:—4th East Main, defective flue, loss 200.; 21st, Lancaster Ave., defective flue loss 25.00; 23rd, grocery, Second St., fireworks explosion, loss 2,000.

In addition to the above runs the company has answered ten false alarms during the year.

With this report it can be seen that Richmond has suffered less with fires than perhaps any other town her size in the country. The record for 1910 shows only nineteen fires with a total loss of but 4,550, a most remarkable showing and should force the insurance rate in this city to take a big drop. The Richmond fire department, under the direction of Chief Daugherty has done valiant work during the year and prevented thousands of dollars losses by getting to the scene of fire quickly and by effective work after reaching there.

During February, May, July and September not a fire occurred and not a false alarm another remarkable thing about the year.

Comforting Words

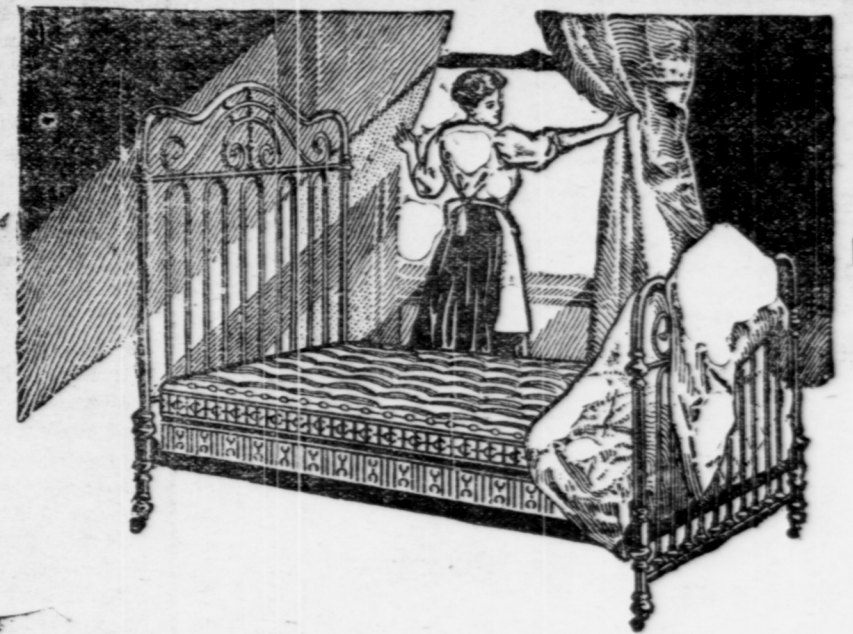

Many a Richmond Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Richmond readers.

Elbridge G. Evans, Depot St., Nicholasville, Ky., says: "From my experience with Doan's Kidney Pills I can say that they are an excellent remedy and one that lives up to the claims made for it. I suffered from kidney trouble for some time. My back ached and I had a soreness across my kidneys that made it hard for me to get around. I also had a great deal of trouble from my bladder, the kidney secretions being too frequent in passage at times while at others there was a complete retention. Doan's Kidney Pills were finally brought to my attention and I began their use. They helped me from the first and I was cured."

Court House

What's Doing in The Temple of Justice Past Week.

At its last meeting, the Fiscal Court received a proposition from the estate of the late C. M. Hanna, the contractor who has been reconstructing pikes in the county, to sell to the county his road building outfit.

This outfit consists of a new 15 h. p. traction engine, combined engine and road-roller, road-grader, water wagon and sprinkling cart, cook house, harrows and plows and other necessary tools for road building. This plant was offered to the county at a very low price, considering the number and condition of the machines.

After considering the matter fully, the court decided to buy the machinery, especially when a report from the County Treasury showed, (as result of strict economy, which has characterized the administration of the public funds during the last year) that they had money enough in the treasury to pay cash.

This purchase puts Madison county in the possession of all the machinery necessary for the reconstruction of turnpike roads after the most modern methods, with the exception of a rock crusher. The court also employed an expert road-builder and machinist to operate this machinery.

The court will this year pursue the same policy that was used last year in selecting the roads upon which this work shall be done.

As soon as it was known that the county had bought this machinery, and was ready to proceed, the citizens along the Barnsill and Taylor's Fork pike, into Round Hill, presented a subscription paper and executed a bond to the county for \$1,000 and asked the county to reconstruct their road; this being the first request, accompanied by the cash, the court agreed that as soon as the Irvine pike was finished, they would commence work on the Barnsill and Taylor's Fork Pike.

The enterprise of the citizens on this pike is much to be commended, and there will be considerable rivalry among the residents along other pikes to get the next work, after this is finished.

On a final settlement of the 1909 accounts, the Fiscal Court found that they were able, and did pay, \$1015.42 interest on old notes and \$7485.63 of principal of said notes.

The present Fiscal Court has not borrowed any money, and by an economical administration of the county's affairs, has been able to settle all its obligations in cash. The old notes will be paid off as soon as possible; a considerable sum of money will soon be available for that purpose.

There has been several more thousand dollars collected this year for taxes than was last at this time of the year. About \$8,000 is all remaining unpaid on the tax books and this is slowly coming in. Some of this is good and some will never be collected, but mighty little. Sheriff McCall is making a wonderful record in collecting the public money.

Now is the time to purchase your groceries. Covington & Thorpe will give you a discount of ten per cent. for cash.

Lena Was Here.

Miss Lena Morrow Lewis, a strikingly handsome young woman, representing the cause of "Socialism" was in Richmond Friday evening and spoke at the courthouse on the above subject. On account of her hasty entrance and quick exit, she failed to get a crowd.

Robber Catarrh

Steals Energy and Will Power From Its Victims.

Catarrh robs its victim of energy, some physicians say of will power. That may be the reason why thousands of catarrh sufferers haven't ambition enough to accept his fair and square offer by B.J. Middleton which he makes without any whys and wherefores or red tape of any kind.

He says he guarantees HYOMEI to cure catarrh, acute or chronic, or money back, and that offer is open to every reader of the Climax.

Hyomei is the purest Australian Eucalyptus combined with Thymol and other germ killing antiseptics. Pour a few drops into the small vest pocket hyomei inhaler and breathe it into the lungs over the inflamed membrane infested with catarrh germs.

It is pleasant to use—it kills the germs, soothes the sore membrane, and cures catarrh; if it doesn't turn your money back.

A bottle of Hyomei costs 50 cents at druggists everywhere and at B. L. Middleton's. A complete outfit, which includes a bottle of Hyomei and a hard rubber inhaler and simple instructions for use costs \$1.00.

Very Good Here.

Danville and Stanford are at war with the East Tennessee Telephone Co., and will fight the octopus to the last ditch for supremacy. Richmond has had but little trouble with this trust, but the people of Madison will not stand for gouging methods. The Board of Supervisors will make a good move if they will look into the figures carefully which represent the assessment of this company in Madison.

Special Services

Continue at the Presbyterian Church With Growing Interest.

The special services at the First Presbyterian church, continue to grow in interest and masterful sermons of Evangelist Nesbitt, have been the means of bringing out a crowded house at all services. One of the most forceful and telling discourses ever delivered in a local pulpit, was heard Saturday evening, when this gifted minister took for his subject, "Hell" and portrayed with wonderful thought and illustrations, the awful torment to be experienced by souls through eternity, if wicked lives were lived. The speaker has a wonderfully clear voice and his sermons abound in beautiful illustrations, combined with an easy flow of the choicest diction.

In picturing eternity the speaker said "If a sparrow were to fly across the ocean and move the European continent, a grain at a time, to this continent and repeat this performance over and over again, it would never cease working thru eternity."

In addition to the augmented choir of trained voices, a soloist of much ability, and possessing talent of the first order, is Miss Harbison, of Flemingsburg, whose sweet voice is heard in every service. This young woman is a singer, who puts her whole heart and soul into the rendition of sacred songs with such force that moves her audience in a visible manner.

Her voice is rich and pure and she interprets her songs in a way that sends a thrill through her hearers. It is gratifying to know that all the churches of the city are combining to make this meeting a memorable one and it is an excellent opportunity to have so gifted a speaker as Dr. Nesbitt. Services each afternoon at three and at seven in the evening.

Call on Covington & Thorpe for groceries. You will save 10 cents on every dollar.

John Sexton's Sale.

New Store.

The big merchandise store, belonging to J. S. Stapp, which was destroyed by fire sometime ago, at Newby, is phoenix like, to rise again from its ashes at once. Messrs. Baker and Bogie have leased the building from Mr. Stapp and will conduct a large General merchandise store. Mr. Stapp will have his business, taking establishment there and the post office will also be in the building. The work began Monday.

500 Wanted.

The County Board of Supervisors adjourned last Monday until next Monday and in the meantime the sheriff and his deputies are busy summoning about five hundred property owners to appear before the Board on next Monday, Tuesday, Wednesday and Thursday to show cause why their assessment should not be raised from the original list. There promises to be lively times if all show up.

Basket Ball.

Basket Ball has been organized at the Normal for the season and both the men and the girls will have teams. The schedule has not yet been completed but the following games have been arranged: Jan. 16th, Kentucky Wesleyan, at Winchester; Jan. 21st, Lexington High School at Richmond; Jan. 28th, Somerset High School at Somerset; February 11th Somerset High School at Richmond. The game last Friday between the Normal and the Model teams resulted in the defeat of the Normal by the score of 31 to 9. The all round playing of the Model lads was a feature.

Catholic Church.

At St. Mark's Catholic church Sunday evening, "The Feast of the Holy Name of Jesus," a most important occasion in this church, was celebrated with a strong sermon by Rev. Father O'Dwyer and a special musical program.

The priest, who is a fine speaker, dealt chiefly with the sin of immorality, profanity and those who lean away from the virtuous life, and beseeched his parishioners to live pure and undefiled lives following the teachings of the lowly Nazarene, whose Holy Name they were commemorating on this occasion.

DEATHS.

After a lingering illness covering a period of eight months, Thomas Devore, son of Mr. William Devore, passed away at the Gibson Sanitarium at an early hour Thursday morning. Death came as a relief to this young man, for his sufferings had been what few young men could have withstood. In the hope of saving his life, an operation was performed a short time ago, but his condition had become so weakened from months of suffering that he was unable to rally from this ordeal. He was in his twenty-sixth year and a popular boy with a wide circle of friends. At the time he was stricken down last spring, he was employed by the L. & N., and had been with this road for several years. Although everything known to the medical science was done, he never fully recovered, being practically an invalid all summer and fall. About five weeks ago he began to decline, and it was feared by his family and friends that his weakened vitality was not sufficient to thwart the hand of death. He was born and reared in Richmond. Funeral services were conducted at the home of his father Sunday afternoon by Elder Barnes, of the Christian church, followed by interment in the Richmond cemetery.

An old and highly respected citizen of Madison has passed away after many years of useful life. George Hume Duncan, in the eighty-fifth year of his age, died at his home at Byestown last Tuesday after a lingering illness. A quiet, unostentatious citizen, he was the sole of honor and those who knew him best valued his worth in the community where he lived. He was a native of Madison, and few now living here, could go back as far into the history of the county as he. One sister, Mrs. C. K. Oldham, of Mt. Sterling, survives him besides his venerable wife, three sons, Messrs. John, Hugh and Duncan, and one daughter, Mrs. Wm. Terrell, all of this county. He has lived in the same home all of his life, the old Duncan home, built by his father, Wm. Duncan, which has been a notable spot for years in this county, for hospitality. To carry out his request, his remains were taken to the family burying ground near his home last Thursday, and one of the largest gatherings ever assembled in that section, paid a last respect to this good man, whom they had known in life as a model citizen.

Office Moved.

Attorney Grant Lilly has moved his office to the W. D. Oldham building on Main street.

Move Quarters.

The Richmond Motor & Plumbing Co., has moved its garage from Irving street to the building at the corner of B and Water streets.

Buy's Interest.

Gott Bros. of this city, have purchased the commission business of W. R. Gott, of Lancaster. Mr. J. D. Gully has been appointed manager of the new firm, which is doing a thriving business.

Directors Chosen.

At a meeting of the Stockholders of the different banks of the city last Tuesday there were no changes in the makeup of the directorate of the Madison National and the Citizens National. In the Richmond National Messrs. Joseph Wagers and J. C. Oldham were added to the list and in the State Bank & Trust Co., four new names appear. They are Harvey Chesnut, Marion Coy, B. L. Banks and G. B. Turley, Jr. In recognition of his services as Teller, Mr. L. P. Evans was promoted to the position of Assistant Cashier. He is one of the youngest bankers in the state to hold such a position of trust. It is noted that high esteem in which he is held by the directorate.

Companies Consolidate.

The Four States Coal and Coke Company, of Pittsburgh, Penn., with the acquisition of the Brush Creek mines at Ida May, Ky., and the other coal properties of the latter company in Bell county, Ky., completes the consolidation of the properties in the States of West Virginia, Virginia, Kentucky and Pennsylvania, aggregating over 30,000 acres and a coal tonnage in sight of over 500,000,000 and has increased its capital to \$10,000,000. John H. Jones and David G. Jones, of Pittsburgh, and H. B. Hanger, of Richmond, Ky., are among the principal officers of the consolidated corporation. Judge John Chesnut and one or two others are also stockholders in the above concern.

Looks Good

Growers in Madison for Cut Out Seem to Be in Majority.

There seems to be a general move among the growers of Madison county to cut out the 1911 crop and fall in line with the other counties in Burley belt in a great effort to cut down the supply and thus force the trust to pay living prices for the weed.

Mr. Bradley Wilson, one of the leaders in the movement recently launched for the above purpose, was in Richmond Saturday afternoon and addressed a mass meeting of the growers at the court house. There were several who were not in favor of cutting out the 1911 crop, but they were greatly in the minority, although many of their points brought out in the argument, were well founded.

Mr. A. J. House presided and Mr. J. H. Orme acted as secretary. Pledge books were distributed after the meeting and an attempt will be made within the next few days to get a pledge from nearly every grower in the county, signed. The following resolution was unanimously adopted:

"We the Burley Tobacco Growers of Madison county in mass meeting assembled, convinced of the necessity of union in self defense, to force the action of the delegeta convention of Burley growers at Lexington January 5th and 6th and heartily join with our fellow growers to cut out the crop of 1911 as the best means of restoring a fair market price."

A. J. House, Ch'm'n

Out of thirty counties in the Burley belt, who held mass meetings at the same time Saturday, all were in favor of the proposed cut out except Washington, Boyle, Oldham and Trimble.

Chas. K. Oldham, formerly of Waco, this county, died at his home in Rockcastle county Monday morning, aged 50. Deceased had been in poor health for about two years and his demise was not unexpected. His remains were interred yesterday in Flatwood burying ground.

Bids for Pike Work.

Notice is hereby given that W. R. Shackelford, County Judge, as directed by the Fiscal Court, will receive at his office up to and including February 6th, at 5 p. m., sealed written proposals for asped stone, slate and gravel of approved quality and size to be spread upon the various sections of turnpikes in Madison county, with sufficient dirt to hold same in place, for the year 1911. Bids to be made by the red spread, on pile at times and places to be designated by Road Supervisor. Amount not to exceed appropriation hereafter to be made. Also ditching by the red spread. Contracts to be made with successful bidders with approved security. Contracts to be let to lowest and best bid. The Court reserves the right to reject any and all bids.

Does Meet.

The regular meeting of the Madison County Medical Society was held last Friday in the parlors of the Elks Club and a very good attendance was present. It was the time for the election of officers and the following were chosen: President, Dr. Vardy Taylor, Waco; Vice President, H. M. Bosley, Richmond; Secretary and Treasurer, Dr. M. Dunn, Richmond. The members decided by a unanimous vote to appoint a staff for the Patton A. Clay Infirmary, and this will be announced at the next meeting, if not sooner. Papers that will be read at the next meeting will be "Surgery," Dr. Vardy Taylor; "Practice of Medicine," Dr. Sandlin and "Rye, Bar, Nose and Throat," and the Progress Along this Line," Dr. Dunn.

Back Taxes

Must be Paid on Properties of Berea College, says the Court.

Why Hesitate?

An Offer That Involves No Risk for Those Who Accept It.

In the County Court Monday afternoon Judge Shackelford handed down a decision, in a suit for back taxes, that is a most important one on account of a question involved.

Auditor's agent J. T. Ferrell, thru his attorneys, Herrington & Greenleaf, filed suit against Berea College to collect back taxes on properties now owned and controlled by that institution. In the petition it was claimed that Boone's tavern, a water works plant, light plant, store, dairy, etc., were operated for revenue which was not used for college purposes and they were therefore subject to taxation. A. R. Burnam & Son argued for the defendant.

After reviewing the case Judge Shackelford decided that a part of the hotel and the general merchandise store were subject to taxation, but held that the other properties named were incident to the operation of the college and not conducted for profit, therefore they were not taxable. According to the decision about \$22,000 worth of property is liable for taxation.

An Old Confederate Gone.

John W. Owen seventy three years of age, a member of the famous Orphan Brigade during the war between the states died at his home in Louisville a few days ago. In 1861 he and four other clerks in the employ of J. T. S. Brown & Son enlisted in the Confederate army, all joining what was afterwards known as the Orphan Brigade. At the battle of Shiloh three of the five were killed, the remaining two, Mr. Owen and a Mr. Smith serving through the entire war. Comrades from the Confederate Soldiers Home at Pewee Valley, acted as honorary pall bearers.

Howard Appointed.

The President has sent the appointment to the Senate of H. Clay Howard, of Paris, to be minister to Peru, to succeed Leslie Combs, resigned. Mr. Howard is a lawyer and served a term as Judge of Bourbon county and has been a member of the Republican State Committee for several years. The influence of Senator Bradley is responsible for his appointment.

If Your Child Is Sick

Be sure that you give it instant relief, and be sure that the remedy you offer is pure and harmless. We recommend our cough syrup. Children like it, it is easy to take and pleasant. And what is still more important, it relieves the child's system of the accumulations which make colds and coughs possible—cold and cough microbes simply can't stay around after this remedy gets at them.
